

Driving Health Informatics and Data Transformation Through Innovation

Overview

CTIS, Inc. is a Women Owned Small Business (WOSB) based in Rockville, Maryland with over 30 years of experience delivering Health IT solutions to clients in support of clinical trials and research. We are a leader in developing innovative solutions that leverage data management for the health and human services industry across research, healthcare, and public health domains.

Customers range from the Federal Government, to commercial, and non-profit organizations including the National Institutes of Health, the National Cancer Institute, the National Institute of Allergy and Infectious Diseases, the National Heart, Lung, and Blood Institute, and the National Institute on Minority Health and Health Disparities. CTIS strives to provide top quality health informatics solutions that healthcare researchers, pharmaceutical organizations and providers use to improve patient and civilian well-being, and to build healthier communities.
